MasterFormat® Division: 12

They're not just **Commercial Window Treatments.**

Architectural Products inpro®

They're room revitalizers.

Silhouettes and soft lines. Layering and light. Patterns and performance.
Window treatment design is as much of an art as it is a science, and we've mastered the craft.
We really know how to light up a room.

why inpro®

Your window of opportunity for exceptional contract window services has opened… and it's brighter than ever! No other company has our combination of fabrics and styles, in-house expertise, focus on protection, and full support from idea to installation.

expertly designed

When designing for windows, it's important to understand what the space is being used for and what you're looking to achieve. Your dedicated representative will do a site visit to provide window measurements and work with you to uncover important details that will help you find the right design for your space.

Atrium Health | Charlotte, NC
Decorative Stationary Drapery

manufactured

with quality

Every window is unique and requires custom manufactured products. That's why we have state-of-the-art production facilities to make window coverings to your specification. Every detail counts - right down to the eighth of an inch. Quality and care is our number one priority.

install

to completion

Our Installation Coordinator will work with your site contact to coordinate installation details, so all you have to do is show up when everything is complete.

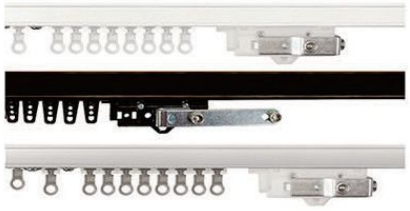
Drapery Hardware



Architectural Drapery Rods

Architectural Rods are custom cut to specified lengths and are available in both hand/baton draw or cord draw. They go well with our Pleated and Ripplefold drapery styles.

Traverse Drapery Rods

Traverse Rods are expandable in the field and are only available in cord draw. They work perfectly for our Pinch Pleat drapery style.

Decorative Drapery Rods

With five different finial types (shown below) you can mix and match the finial design to the ambiance of your room. These rods are best paired with our Back Tab Panel, Grommet Top Panel, Pinch Pleat and Rod Pocket drapery styles.

Fixed Rods - 1 1/8"

4' fixed (2 Brackets)
6' fixed (3 Brackets)
8' fixed (3 Brackets)

Window shades:
Which system is right for you?

From fabric variety to operating systems and everything in between, we have the options to create a shade system that meets your needs.

highly customizable

Solarity® Solar Shades
Choose cordless, clutch operated or motorized. Use them in a dual system for more flexibility in light exposure and privacy.

extremely durable

WebbGlide™ Window Shades
Cordless, long-lasting shades featuring durable fabrics and side channels.

tamper-resistant

WebbLok™ Window Shades
Side channels and a highly durable security box to protect its mechanicals make this one of the toughest shades on the market.

Solarity®

Solar Shades

Maintain your view of the outdoors while blocking the sun's heat and glare by switching to Solarity® Solar Shades. Solarity® Solar Shades come in a variety of fabrics and styles, providing different levels of light control and privacy.

Fresenius Kidney Care | Sun Prairie, WI
Solarity® Solar Shades

fabric types

Solar Screen

Openness in the weave provides varying levels of view-through, heat and glare performance. For a crisp view-through, choose a dark colored fabric. For a softer view-through, choose a light colored fabric.

Blackout

Provides complete privacy while blocking the majority of light coming into a space. Add side tracks for full blackout.

High Performance

Featuring an ultra-fine layer of aluminum applied to the back side of the fabric, High Performance fabrics provide the highest energy performance while reducing glare - regardless of fabric color.

Translucent

Provides complete privacy while allowing natural light into a space.

Solarity® Solar Shades in Arid 5% Pearl/Linen

WebbLok™ + WebbGlide™ Durable Shade Systems

If you're looking for durable, long-lasting shades, look no further. Webblok™ + WebbGlide™ Durable Shades are built for the most demanding environments.

WebbLok™ Shades

One of the toughest cordless window shades on the market, WebbLok™ Window Shades are a self-contained shade system specifically designed for areas where tampering may occur. The robust design features side channels and an extremely durable security box fascia.

- Exclusive security box prevents tampering of shade hardware
- Completely secured spring roller system
- Cordless operation
- Extremely durable
- Designed for Behavioral Health applications*
- Patent Pending

WebbGlide™ Shades

WebbGlide™ Window Shades are long-lasting shades featuring durable fabrics and side channels. The spring roller system allows you to adjust the shade with the touch of a finger, and easily set it where you leave it. They're also cordless, making them a safer option for healthcare environments.

- Durable and low maintenance
- Cordless operation
- Available in dual shade for total light control
- Side track (not shown) provides additional light blocking

*While this product is designed for Behavioral Health settings, it does not guarantee patient safety.
